**DETAILED ACTION**

***Response to Amendment***

1. The amendment filed April 20, 2009 will not be entered because it raises new issues that would require further consideration and/or search. Claim 1 has been amended to recite the limitations of "wherein an emitter of the double poly bipolar transistor contains a second dopant having a second dopant concentration and a source/drain of the double poly metal oxide semiconductor transistor contains said second dopant having said second dopant concentration". This raises new issues for consideration because previously claim 1 did not require these limitations.
